

## Symptom Checklist-90-R

<b>Name of instrument</b>	<b>Symptom Checklist-90-R (SCL-90-R)</b>
<b>Summary overview</b>	“A brief multidimensional self-report inventory that screens for nine symptoms of psychopathology and provides three global distress indicators.” The SCL-90-R provides an overview of symptom severity and intensity. The instrument can be administered multiple times, with progress reports available to graphically display change in clinical status.
